

Meeting with Luncheon Club 9 May 2016

Meeting held at Herstmonceux Village Hall after Luncheon Club business.

Attendees

Organiser Angela Webster and Cllr Alder
32 diners plus 5 assistants.

Comments

- Small developments preferred.
- Design of houses in keeping with the village
- Drainage and sewage system upgrade must be completed before build.
- Concerns around school places and provision for local children before others
- Quality bungalows and sheltered housing for elderly
- Housing for over 60's for rent or purchase.
- Ability for elderly to lead independent lives and provision for support to be able to do this.

Main concern was that there is suitable housing for local residents who want to downsize and stay in the locality and not be forced to move away. This can take several forms such as sheltered housing, retirement homes, warden assisted as well as purchased or rented accommodation but particularly bungalows specifically for the elderly residents not matter what age to downsize to..
